

### Calculating Statutory Redundancy Pay

To work out the number of weeks redundancy pay, cross reference the person's age with the years of service and then multiply that number by the weekly salary (maximum weekly salary is currently £538).

For example a person with a salary of £200 aged 22 with 4 years of service will be entitled to two week's salary i.e. a total redundancy of £400.

Age	Service in years																			
	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20
